Resolution.

I. Letter No. 746—San. 45-22-4, dated 28th July 1923, from the Secretary to Government, Revenue Department, stating that the Government are unable to lend the services of an experienced, qualified and competent Health Officer on a smaller pay than that of the 1st grade.

Mr. Mahomed Sait, in rising to speak on the subject said that as the primary object of retrenchment was to effect savings owing to financial stringency, it was necessary to move the Government to reconsider the subject and give the Municipality a duly qualified Health Officer and with experience of the work, on a smaller pay.

Mr. E. Purushothamanandagiri Goswamy in seconding the proposition said that when the present Health Officer was lent to the Municipality he was drawing only Rs. 430 and that the meagre finances of the Municipality will not permit of the employment of an Health Officer on a higher pay.

Messrs. Y. Virupakshiah, P. S. Anantha Rao and K. Dhanakotichetty supported the same.

Mr. M. L. Vasudeviah, pointed out that the grade and scale of pay of the Health Officer for the two City Municipalities of Bangalore and Mysore and those for the Kolar Gold Fields, have now been fixed by the Government in their Proceedings No. L. 2943-98—San. 51-21-5, dated 29th September 1923, and that instead of requesting the Government to lend the services of an Health Officer on a smaller pay in view of the slender resources of this Municipality, it would be well to request the Government to contribute for the same reason the excess amount of the pay of the officer.

Rev. E. S. Edwards said that in view of the growing importance of the Mysore City and as the Capital of the State and vast expansions and improvements taking place rapidly, the wisdom of the Government Order in fixing the cadre of the Health Officer of the Mysore City has to be respected, and that the Municipality for the sake of saving a couple of hundred rupees a month cannot allow themselves to be little or overlook the paramount responsibility of safeguarding the health of the City. If the Council as Council were to care for anything, the one thing and the foremost thing above all was the health of the city, to look after which the more experienced an Health Officer is, the better. He instanced the manner in which the present Health Officer had worked successfully to combat with the recent outbreak and threatened spread of plague in the City, which had now practically ceased, and added that it afforded an object lesson and was in itself a valid ground to have an experienced Health Officer of higher qualifications and requisite training in the technicalities of the Department.

Rev. J. Cochet supported Rev. E. S. Edwards and emphasised the necessity for having none but an experienced qualified Health Officer for the Mysore City of the higher grade which Government had fixed; and he wished to accentuate that this, unlike other places, was the Capital of the State and the Seat of Residence of their Sovereign which needed special attention.

After some further discussion, the matter was put to vote. Ten voted for having a Health Officer on a smaller pay, six voted against it, and three were neutral.

It was accordingly resolved to request the Government to reconsider their order and to lend an Health Officer on a smaller pay, out of the qualified officers now in the cadre of Health Officers, on account of the financial stringency of this Municipality.

III. Mr. Mahomed Sait in rising to move the proposition that the Chief Sanitary Inspector be given the duties mentioned on pages 1 and 2 of the Rules for the guidance of the outdoor staff of the Health Department, Mysore City, framed during the time of Mr. V. L. Manker, the then Health Officer, said that this subject may now be considered.

The President drew the attention of the Council to the kindred subject referred to in Revenue Secretary's Letter No. L. 2100—Ml. 23-23-4, dated 15th September 1923, wherein the views of the Municipal Council were asked, on the Sanitary Commissioner's letter in the matter of doing away with the appointment of the Chief Sanitary Inspector and increasing in its stead the number of Sanitary Inspectors in view of the active expansion of the City in all directions and suggested and that this subject might also be considered along with the proposition moved by Mr. Mahomed Sait.

Mr. E. Purushothamanandagiri Goswamy observed that the two subjects were shown separately on the agenda and that the Government letter was a later subject, which should be considered in its own place.

Mr. B. P. Rajagopalachari explained that the two subjects were kindred ones and that it would be more rational and consistent to consider the question of assigning the duties to the Chief Sanitary Inspector, after considering whether this appointment as suggested by the Sanitary Commissioner was to be done away with or not, and Mr. Y. Virupakshiah concurred.

The President on ascertaining the sense of the Council suggested that the Government letter may be considered first.

Then Mr. Y. Virupakshiah proposed that the Council's Resolution No. V, dated 8th July 1922, appointing a Chief Sanitary Inspector might first be tried and then the Municipal Council give their opinion on the letter received from Government later on.

Mr. P. S. Anantha Rao, seconded Mr. Y. Virupakshiah.

Rev. E. S. Edwards regretted he could not fall in with these views and quoted from the Sanitary Commissioner's letter that, "the interposition of the Chief Sanitary Inspector

between the Health Officer and the staff serves no object whatsoever and that it is a purposeless and absolute arrangement which has been done away with in the Bangalore City and on the Kolar Gold Fields," and added that the Chief Sanitary Inspector's appointment should also be done away with here, as suggested by the Sanitary Commissioner.

Rev. J. Cochet supported Rev. E. S. Edwards.

There being difference of opinion on the subject, it was put to vote. Fifteen voted for trying the original Resolution of the Council till the end of the official year, 2 voted against it and 2 remained neutral.

It was accordingly resolved that the Municipal Council reserve their opinion in the matter, till they have tried their original Resolution No. V, dated 8th July 1922, till the end of the official year 1923-1924.

IV. Coming to the subject of defining the duties of the Chief Sanitary Inspector, it was resolved that a Committee consisting of the following gentlemen be appointed to consider, and report upon, the duties to be given to the Chief Sanitary Inspector:—

Resolution.

The President of the Council, Rajasabhabhushana Dewan Bahadur, Mr. C. Srikantesvara Aiyar, B.A.; B.L., was unable to preside owing to illness. Mr. E. Purushothama Anandagiri Goswamy proposed that Mr. P. S. Anantha Rao take the chair. This was seconded by Mr. K. Dhanakoti Chetty and Mr. Y. Virupakshiah and carried unanimously. Mr. P. Ballonji proposed that the meeting be adjourned, in as much as many of the subjects in the Agenda required explanations and elucidation by the President, and as they had already stood for a long time, nothing would be lost by waiting a little further. This was seconded by Mr. Tippu Sultan Alli Khan. Mr. E. Purushothama Anandagiri Goswamy said that it was unnecessary to do so, and that some of the subjects at least could be disposed of by the meeting and that all these which could not be so disposed of by them, may be allowed to stand over. This was seconded by Mr. Y. Virupakshiah and supported by Messrs. T. S. Siddappa, Mahomed Sait and K. Dhanakoti Chetty. The proposition for adjournment was put to vote. Five voted for adjournment and 8 were for holding the meeting (after the voting was over, Mr. M. L. Vasudeviah came in).

Then the following propositions were taken up for discussion.

(ii) Octroi Refund double payments and defalcations.

The Chief Officer explained that all the investigation proceedings and records as well as other papers connected with this proposition were in the personal custody of the President. The President had also explained in the last meeting the various orders of Government under which he felt that he could not at this stage disclose the records or be compelled to do so. The full amount had been recovered and further action necessary in the matter was

under investigation. It was resolved that under such circumstances, viz., when the main complaint about the loss of Municipal Funds had been remedied through recovery of the same from the persons concerned, the consideration of the view of the President about the privileges of the Municipal Councillors in such affairs may be allowed to stand over till the completion of the President's dealing with the question and the records are made available.

II. Sub-Committee Report regarding the duties of the Chief Sanitary Inspector.

The proceedings of the Sub-Committee and the Resolution passed by it were read to the Council in detail and were recorded.

It being late, the meeting was adjourned for want of time, the other subjects standing over.

The probable amounts of expenditure from the Railway and Education

(b) no new charges (excepting public works) shall be included in the budget without the previous sanction of Government;

(c) the Local Board shall never without the previous sanction of Government exhaust its balance in the treasury and the budget estimate shall be so framed as to provide for an adequate working balance not falling short in any case of one-eighth of the total estimated income for the year;

(d) a list showing the alterations in the sanctioned scale of establishment, authorised since the submission of the previous year's budget should be forwarded with each budget. Every year a complete list showing the scale of all sanctioned establishments should be forwarded with the budget;

(k) the Boards should exert their best to promptly realise their estimated income and curtail the expenditure to the necessary extent should any fall in the estimated income be apprehended. They should also at the time of passing their budget examine their financial condition and regulate their expenditure on recurring and obligatory items so that it may be well within their normal income. They should view with special caution all proposals for increase of a recurring nature and sanction them only if their normal income admits of bearing the extra charge involved;

(l) the normal income and expenditure of the boards should be arrived at by deducting the totals of the extraordinary items of income and expenditure and in order to ensure that the normal income and expenditure are correctly calculated and the financial position is properly reviewed a statement should be prepared and well scrutinised at the time of passing the budget and a copy thereof submitted to Government along with the budget every year in

Form J prescribed in Rule 7;

The District Board may, however, sanction transfer of funds from one major or minor head in the budget to any major or minor head but no such transfer can be sanctioned without a specific reappropriation being made from an allotment sanctioned in the budget.

13. Powers of Taluk Boards.

Taluk Boards shall adhere to the sanctioned budget as far as possible. They may sanction transfer of funds from one minor head to another under the same major head without any limit. All transfers sanctioned by a Taluk Board should be reported to the President of the District Board.

14. District Board shall exercise general control and supervision over Taluk Boards as regards the check of any irregularities which may be found in the statement of allotments and transfers of funds submitted by the latter. Transfers from one major head to another will be sanctioned by the District Board.

Applications to the District Board for transfer of allotments should invariably be in Form No. II (No. 37 of the Mysore Account Code.) When transfer of funds is sanctioned the statement will be returned to the officer submitting the application.

ALLOTMENT FROM BALANCE.

15. Additional allotments from balances should not as a general rule be sanctioned during the course of the year. The budget should therefore be so framed as to obviate the necessity for such allotments.

16. In cases, however, where fresh or additional expenditure cannot be provided for by specific reappropriation from the budget grants, the District Board may sanction allotments from balances in the case of Taluk Boards provided that the closing balances revised with reference to the actual opening balance is not thereby reduced below one-eighth of the total estimated income of the year. If this percentage is likely to be reduced the sanction of Government should be obtained by submitting an application in the Form III appended to this order. Provision is made in Section 28 (4) of Local Boards and Village Panchayats Regulation of 1918 for submission of supplemental estimates to Government in the case of District Funds.

COMMUNICATION OF SANCTION.

17. As soon as the order of Government sanctioning the estimates are received, the President of the District Board will carry out the alterations in his office copies of the budgets and print them.

18. Ten copies of the printed budget estimates should be sent by the President, District Board, to the Government, six copies to the Comptroller and two copies each to the Chief Engineer, to the Senior Surgeon and Sanitary Commissioner and to the Revenue Commissioner.

Extract from the Council's Proceedings, dated 26th April 1923.

"With reference to Resolution No. VI of the last (Ordinary) meeting, Mr. P. S. Anantha Rao says that what some of the Municipal Councillors said was not that the "interference by the Sanitary Commissioner in matters Municipal, was uncalled for," but that the Sanitary Commissioner was not requested by the Municipal Council to give his opinion in the matter, and that it was volunteered by him."

The majority of the Councillors present agree with Mr. P. S. Anantha Rao.

The President explained to the Council that on the Sanitary Commissioner who is the expert advisor of Government, considering it was necessary to increase the number of Sanitary Inspectors, the Government had called for the opinion of the Council in the matter—Some of the Councillors remarked that the interference by the Sanitary Commissioner in matters Municipal, was uncalled for. After some discussion it was resolved that their Resolution No. III, dated 8th December 1923, "that the Municipal Council reserve their opinion in the matter, till they have tried their original Resolution No. V, dated 8th July 1922 till the end of the official year 1923-24" may be adhered to.

Manegar, Chikkaiah's appeal with all connected file of papers.

The President made a statement of the case on its merits and regretted that the papers relating to enquiries in cases of embezzlement, cannot be circulated or laid on the Table, consistent with public interests, and that under the Municipal Regulation and powers delegated to the President, no appeal to the Council lies on his orders of dismissal of officials whose pay does not exceed Rs. 40 per month.

It was observed by some, that under Section 184 of the Municipal Regulation, the dismissal of Municipal servants on pay of Rs. 15 and less vested with the Chief Officer and that the President cannot exercise his powers in such cases. The President explained that the powers exercised by the President and the Chief Officer in such cases were co-ordinate and concurrent and that in cases of defalcations, etc., where a number of persons were involved, the ends of justice and equity required that the highest authority entitled to pass orders on any one of them should also pass orders in the case of others under the disciplinary control vested in him as President.

With this view, 9 disagreed, 4 agreed, and 1 remained neutral, two members having left the meeting in the course of discussion with the permission of the President.

For want of time, other subjects were deferred.

C. SRIKANTESVARA AIYAR,

President.

His services may be extended for another year from 1st July 1924. The staff sanctioned for a period of six months in Government Order dated 24th March 1924 will be engaged in clearing the other arrears of work mentioned in this office letter to the Comptroller dated 18th February 1924 of which a copy is enclosed for ready reference. Recently, in 1922 a retrenchment was effected in the establishment of the Board, and regard being had to the arrears of work to be cleared and the need for employing additional hands for the purpose, no retrenchment can be effected in the establishment for the present.

(2) That a sum of Rs. 400 be allotted for having a nursery, and for furnishing the cultivators with good seedings and cuttings.

(3) That a Sub-Committee be appointed consisting of the District Forest Officer, the Vice-President, and a few other members with the Agricultural Inspector co-opted to work out the proposals in the advice of the Depot.

The proposals are quite acceptable to the Board and are approved.

Read the Note received with the letter from the Secretary to Government, Local and Legislative Departments.—

- (1) It is suggested in the Note that Rs. 75,000 be provided for acquisition during 1924-1925 inclusive of Rs. 25,000 sanctioned as advance grant during 1923-1924. This is accepted. As the advance grant has already been utilized, the allotment under this head is taken as Rs. 50,000 only.
- (2) The suggestion that Rs. 50,000 be provided for the construction of the Municipal Office building is also accepted.
- (3) The improvement of Kannegowdankoppal is of an urgent nature, and an allotment of at least Rs. 5,000 is necessary for the purpose. The provision of Rs. 5,500 is therefore reduced to Rs. 5,000.
- (4) The provision for pipe-laying in Drainage areas is reduced to Rs. 10,000 as suggested.
- (5) The provision of Rs. 6,700 for the drainage and construction of storm water drain in Lakshmipuram Valley is reduced to Rs. 1,000.
